Recreational Cannabis -Adult Use Business's Prohibited

The Campton Hills Village Board approved Ordinance 0-19-17 at its October 15, 2019 meeting. Ordinance 0-19-17 amends Village Code to prohibit Adult Use Cannabis businesses within the Village. As of January 1, 2020, recreational cannabis use becomes legal in the State of Illinois.

Each community in the State can consider whether to allow or prohibit within its corporate limits cannabis sales and growing businesses. After many public meetings (that started last summer) in which the Village Board discussed and sought public input, the decision to prohibit these types of business was made. This action does not affect the State law that goes into effect January 1, 2020 regarding personal recreational use of cannabis.

“The Village worked hard to solicit as much input on this decision from residents as possible. The Board felt this was extremely important in order to make an informed decision that represented the community’s wishes,” stated Administrator Ron Searl.

A future next step will be to refer to the Planning & Zoning Commission a discussion to amend the zoning code.
