Heritage Farm Fest

The Community Relations Committee for the Village of Campton Hills is responsible for hosting three community events throughout the year. They are the Farmers' Market (June through September), National Night Out (August) and the Heritage Farm Fest (September).

As you know, statewide, villages and cities are being affected by the economic downturn. In the past, the Community Relations Committee has relied heavily on the Village to help defray some of the expenses incurred to put on these three events.

This year the Community Relations Committee funding has been cut. The event most likely to feel the impact of this cut is the event currently known as the Heritage Farm Fest. The committee still wants to host this event, but we know we have to make some changes in order to stay within our budget. This event is for **you**, our community, so please take the time to answer the following survey. **Your input is valuable to us.**

1. If you attended last year's Farm Fest, what was most fun/appealing to you?

If you did not attend last year's Farm Fest, what would most likely draw you to attend a community festival?

2. If you attended last year's Farm fest, did you like the location?
If not, what location would you suggest the event be held at? *

If you did not attend last year's Farm fest, what location would you suggest for a community festival? *

**Must be within Campton Hills. Keep in mind that last year we had well over 500 people attend this fest.*

Again, we cannot stress how important your input is for our committee to continue to host this festival. We thank you for your input. **Please respond by July 15, 2010.** You do not have to reveal your name and all input will be kept anonymous. Email your response to communityrelations@villageofcamptonhills.org.

The Community Relations Committee is always in need of volunteers for events such as the Farm fest and National Night Out. Please consider volunteering. If you want to volunteer please submit your information below.
