Mailing Address is Non-issue

Below is a copy of a letter that was (or will be later today) emailed to those who signed up for e-news from the Village. Hopefully, this will clear up the “address” issue that Brenda Schory wrote about last week. If you have any questions, please feel free to call.

Patsy Smith

Dear Residents,

I spoke to a representative of the US Postal Service this morning and they are in the process of reversing the name “Campton Hills” as the **preferred** last line in the 60175 zip code. It is my understanding that this will be completed this afternoon, but that it may take up to four weeks for the mailing houses to catch up with the correction.

As I explained in an earlier email to you, the Village requested the USPS to recognize Campton Hills as an acceptable address, but did not request it be used as the “preferred” last line of the address.

The USPS is in the process of updating the other 4 zip codes that cover our area to show Campton Hills as an “acceptable” last line, but that may take several more weeks to complete.

Again, your mailing address has **not changed** and the USPS database will reflect that by the end of week. However, those in 60175 who prefer to use Campton Hills as your last line address may continue to do so. Once the USPS updates the other 4 zip codes in our area to recognize Campton Hills, those residents will also have the choice of using Campton Hills in their address.

I apologize for any inconvenience this may have caused.

Patsy Smith
