

Dear Resident of Campton Township,

LRS is committed to providing your home with the best possible service during this difficult time. We are diligently working behind the scenes to ensure our drivers are safe and healthy for the well-being of every community we service. LRS is taking every possible precaution to mitigate the spread of COVID-19. This is an unprecedented time for everyone, especially the waste industry. Though this is not an ideal time to conduct a transition of services for any company, please know we are dedicated to ensuring a smooth transition for everyone.

Lakeshore Recycling Systems (LRS) has begun the deliveries of new waste, recycling, and yard waste carts this week. LRS would like to provide some additional information as it pertains to the transition, services, and invoicing.

Please see each topic below and the associated important information:

CART DELIVERY INFORMATION

- Trash, recycle and yard waste carts may arrive at different times or on different days.
- The initial delivery will be completed on Tuesday, March 31st for requests submitted prior to February 26th.
- Cart exchange requests will be done as quickly as possible.
- Please be patient as we are working to deliver well over 10,000 carts over the course of this week and the next several weeks. We will work as quickly as possible to ensure you receive the carts you've requested.

COLLECTION DAY INFORMATION

- Your new collection day is shown on the sticker located on the trash cart with a map.
- On your new collection day, the time of day your trash, recycle, and yard waste are emptied will vary and most likely change to a different time than what you may have been used to in the past.

- To ensure your waste is collected, please have all materials curbside no later than 6 AM.

COLLECTION SUSPENSION FOR BULK ITEMS, APPLIANCES AND LOOSE MATERIALS

Due to COVID-19, LRS will not be collecting bulk items, appliances, and loose materials placed outside of the carts. This is a temporary change being made by most waste companies for the safety of our drivers and the community. The virus is known to live on certain materials for days. Notifications will be posted on the LRS webpage (LRSrecycles.com) once these collections resume.

INVOICE

Your first invoice will arrive mid-April for the services in April, May and June.
